Hi Marti,

Thanks for looking over everything – I have to leave soon to catch my flight, but I wanted to send the documents with the corrections that you pointed out in case those are the only corrections you find – if that’s the case, these are ready to go.

This Pocket Policy has the Allegations Procedures link exactly as it was in your email to Tom and I attached both versions of the brochure – one with the language exactly as it was before, and one with the sentence about allegations coming from internal or external sources deleted (that is the “alternate” version that is attached).

If there are other issues, I’ll make sure that I get them smoothed out on Monday. Thanks and have a great weekend!!

Sincerely,

Hi, Blake,

Footnote 13 has an incorrect URL for the Procedures.

Here’s footnote 13:

A description of the procedures can be found at:
<https://www.epa.gov/osa/allegation-procedures-for-scientific-integrity-violations>

The URLs that I had requested from Tom Buhrman are:

<https://www.epa.gov/osa/differing-scientific-opinions>

<https://www.epa.gov/osa/procedure-for-allegations>

I’m guessing that you have to use that exact URL.

I’m still going through the Pocket Policy, but wanted to let you know about this URL.

Thanks,
Marti
